

The NEED Project

Directions for using the browser version of Energy Enigma 2009/2010

1. Unzip the attached file, Enigma2009_2010.zip
2. This will create a folder called, "Enigma2009_2010", usually on your desktop by default.
3. Open that folder, then open the file titled "Enigma2009_2010.html" in your Internet Browser (Explorer, Firefox, whatever).
4. Bookmark that page or add to favorites.
5. Delete all previous versions of the game and all previous folders.
6. You can now play the game without Internet Access.
7. If the text size is too large or too small, use the Zoom Text feature in your browser to adjust to optimum text size.
