

**July 14 - 19, 2024**

## WHERE:

University of Maryland,  
Baltimore County

The Constellation Youth Energy Summit was created to bring together young people who want to be part of the climate change solution and are willing to learn and lead us to a brighter and more sustainable future. If you have an interest in STEM and climate change this is the place for you!

**“ This was the best, most informative, fun week of my summer, and I wouldn’t trade it for the world!”**

— Participant from 2023 Youth Energy Summit

**In partnership with**
